

Product: BB Line suspended linear lighting  
up and down light with louvre

LED

**Description:**

Anti-Glare Louvre - Suspended lighting version of the BB Line series, whose exquisite and simple design, not only supporting the complex but uniform structural components, but also dealing with the mechanical and electrical connection well thought out. Anti-glare technology to maximize the visual comfort of working space. Up and down light with a 30% up and 70% down light split

**Physical attributes:**

Width: 65mm  
Length: 565mm to 2245mm  
Height: 95mm

Mounting type: Surface or suspended  
Colour finish: White or Black  
Dimming protocol: DALI or switching

**Lighting attributes:**

LED manufacturer: CREE  
Driver manufacturer: Tridonic  
Optics: Louvre UGR<19  
Lumen output: 2500 to 9300lm  
Power consumption: 30w to 122w  
Colour temperature: 3000K or 4000K  
Colour consistency: <3 Std MacAdam  
Colour rendering: Ra>80  
Rated LED lifetime: 50,000 hours

Warranty: 5 years

**LOUVRE AND BODY OPTIONS**

BB – Black with black louvre

BS-Black with silver louvre

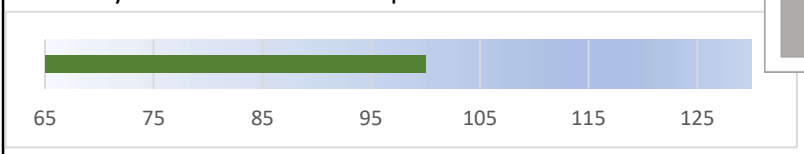

WB-White with black louvre

WS-White with silver louvre

Efficiency in luminaire lumens per circuit watt: **100**
