

Product: BB Line surface / suspended linear lighting with louvre

LED

**Description:**

Anti-Glare Louvre - Direct lighting version of the BB Line series, whose exquisite and simple design, not only supporting the complex but uniform structural components, but also dealing with the mechanical and electrical connection well thought out. Anti-glare technology to maximize the visual comfort of working space.

**Physical attributes:**

Width: 65mm  
 Length: 565mm to 2245mm  
 Height: 95mm

Mounting type: Surface or suspended  
 Colour finish: White or Black  
 Dimming protocol: DALI or switching

**Lighting attributes:**

LED manufacturer: CREE  
 Driver manufacturer: Tridonic  
 Optics: Louvre UGR<19  
 Lumen output: 1950 to 7200lm  
 Power consumption: 24w to 72w  
 Colour temperature: 3000K or 4000K  
 Colour consistency: <3 Std MacAdam  
 Colour rendering: Ra>80  
 Rated LED lifetime: 50,000 hours

Warranty: 5 years

**LOUVRE AND BODY OPTIONS**

BB – Black with black louvre

BS-Black with silver louvre

WB-White with black louvre

WS-White with silver louvre

Efficiency in luminaire lumens per circuit watt: **100**
